SUMMARY

Statistics graduate with a strong interest in Full Stack Development and data-driven problem solving. Experience on building web applications using React, Node.js, Express.js, Django, Python, SQL, MySQL, and MongoDB, along with practical knowledge of statistical analysis using SPSS. Eager to apply technical and analytical skills to develop reliable applications, work with data, and contribute effectively to a professional team. GUVI-certified in Full Stack Web Development.

SKILLS

Frontend – HTML, CSS, JavaScript, React.
Backend – Python, Express, Node, Django, Redux, RestApi's.
Database – MySQL, SQL, MongoDB, Aiven.io, Cloudinary.
Tools – Git, GitHub, Bootstrap, Postman, Tailwind, Claude, Codex.
Soft Skill – Communication, Teamwork & Collaboration, Time Management, Quick Learning, Adaptability.

PROJECTS

Social Media: Live | SrcCode

Developed a full-stack social media application with user authentication, profile management, post creation, image uploads, likes, comments, and real-time chat.
Tech Stack – **React, Node.js, Express.js, MongoDB, and Socket.IO**.

YouTube Clone: Live | SrcCode

Developed a YouTube-style video platform with video search, embedded video playback, suggested videos, comments, likes, and channel pages.
Tech Stack – **React.js, Node.js, Express.js, MySQL**.

E-Commerce Website: Live | SrcCode

Built a responsive full-stack e-commerce application with product listings, product search and filtering, shopping cart functionality, and quantity management.
Tech Stack –**React.js, Python, Django, MySQL**.

Statistical Project – Effect of online vs offline education:

Conducted a statistical study comparing online and offline education based on student responses. Used SPSS to apply appropriate statistical methods, analyze the collected data, compare the two learning modes, and interpret the results.
Tools: SPSS.

EDUCATION

Graduated BSc Statistics at PSG College of Arts & Science 2023-2026
